Private list Close Family 2024 Holiday Season National, Fall Winter (NJ, CA +)

Meeting & Communication

First contact, informed receipt, messages and support

COMMENT: Lonely turkies, busy relationships and established unusual and unordinary delays for me personally

(again, this 2024 Fall, Winter holiday season) before this trip, this six month New Jersey full time living and stay

(challenged or without your promise) DOES NOT really tarnish our most recent communication, close family and concern for each other and the future.

Your application of inclusionary privacy and welcome intention, is simply missing from my everyday life and relationships after our call and meeting, progressive and URGENT.

Accordingly, I am a better person and normally accomplished closer and with you, locally, regionally and personally.

11 /30, December 2024, I hope I am able to be there soon.

Sincerely Yours (PRE-Signature)
Doug Redstone, Douglas E
